Humphrey Picks Up Delegate Strength

WASHINGTON (AP) — Vice ^{per} cent of the vote. Rival New York Gov. Nelson A. Rockefeller's supporters are seeking write-in votes and California Gov. Ronald Reagan, a favorite-son candidate, will be on the ballot.

The Nebraska primary highlights a week of political activity in which six states will name

Reservists Go On Duty; 10,000 Head For Viet

WASHINGTON (AP) — Nearly 20,000 Army, Air Force and Navy Reservists and National Guardsmen—about half of them Vietnam-bound—answer President Johnson's call to active duty today.

How long they stay in uniform will depend at least partly on the course of U.S.-North Vietnamese talks beginning today in Paris. They could be held on active duty for up to two years.

The course of the peace talks may also determine whether any more citizen soldiers and sailors will be called up. Pentagon officials said no decision has been reached on any further muster of Reservists.

Acting on Johnson's orders, Secretary of Defense Clark M. Clifford announced April 11 that about 24,500 reservists were being ordered to active duty.

They were given 30 days to arrange their affairs before putting on their uniforms.

Clifford said about 10,000 of the Reservists and Guardsmen would be sent to Vietnam to provide needed support troops and the rest would help fill out the badly depleted central force of fighting men kept in the United States for possible use worldwide.

Last week, about 1,250 Air Force and Air Guard troops were excused from active service because it was found regular Air Force units could provide the support functions the Reservists had been designated to fill.

This reduced the over-all call-up total to about 23,300. Nearly 20,000 report today. They form some 87 units in 34 states.

Another 3,600 individual Reservists from the Army ready reserve manpower pool will show up for active duty starting June 15, the Pentagon said. These men will fill out the ranks of understrength units called to active duty.

The new callup brings to more than 38,000 the number of Reservists and Guardsmen ordered to active duty since January.

Czechs Resist Red Pressures

PRAGUE (AP) — The liberal leadership of Czechoslovakia's Communist party shows no signs of knuckling under to pressure from the Soviet Union.

Humphrey plans to speak in the afternoon in Detroit at the 38th general conference of the African Methodist Episcopal Zion Church. The church's membership is largely Negro.

In the evening, a reception is held at the Detroit Club for Humphrey by the Democratic State Central Committee.

Special invitations are going out to members of the Century Fund, consisting of persons who have contributed \$100 or more to the party.

Atty. Gen. Frank Kelley and Secretary of State James Hare, plus other party leaders, will attend a buffet dinner in Humphrey's honor Tuesday night. Later, the vice president plans to meet with precinct delegates from across the state at the Veterans Memorial Building in Detroit.

Kennedy is scheduled to arrive at Detroit Metropolitan Airport at about 11:30 a.m. Wednesday. On his agenda are the motorcade, noon speech in Kennedy Square and handshaking sessions among the people.

Humphrey's visit is aimed at Democratic party financial backers and officials, plus Negro voters.

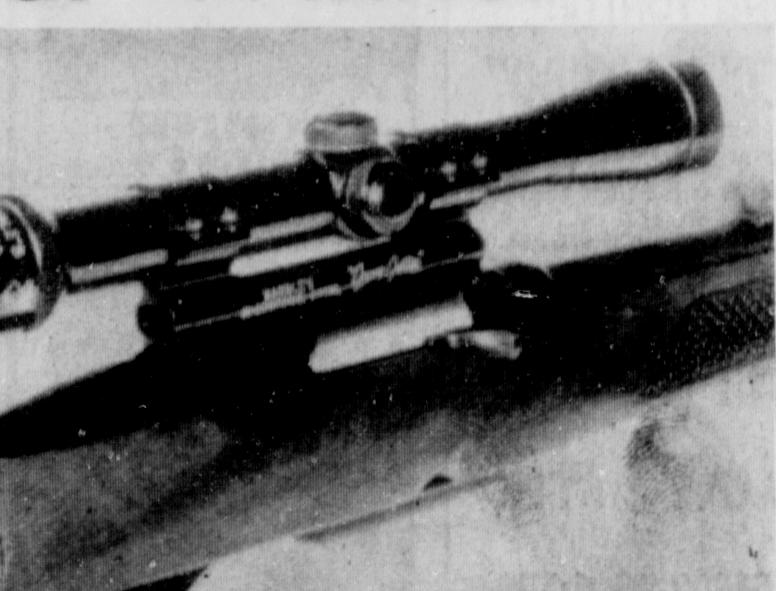

Kennedy's visit includes a scheduled motorcade and public speech in Kennedy Square, the downtown park named for the late President John F. Kennedy.

Michigan could be a key "swing" state for Humphrey, Kennedy or the third announced candidate, Sen. Eugene J. McCarthy, D-Minn.

In 1960, the Michigan delegation supported John F. Kennedy for presidential nomination. But political observers anticipate a tough battle between the New York senator and the vice president, with McCarthy probably less of a factor, for the state's 92 votes this year.

Humphrey will arrive at Cap-

the safety, welfare, and enjoyment of millions of sportsmen and outdoor enthusiasts."

Housed in a new plant in Gladstone, the firm now employs about 50 persons and the products include several different types of gun sights, gun cleaning equipment, hunting knives, survival knives for the armed forces, compasses and waterproof match boxes.

U.S. Calls On Hanoi To Take Peace Steps

Allied Soldiers Crush Assault In Viet Capital

AMBASSADOR-AT-LARGE Averell Harriman, our top delegate to the preliminary peace talks on Vietnam, poses on a wall along the left bank of the river Seine in Paris during a brief tour of city sights. That's the Notre Dame de Paris cathedral in background. Talks began officially in Paris today. Woman and child not identified. (AP Wirephoto via cable from Paris).

Poor Marchers Start Tent City

WASHINGTON (AP) — The Poor People's Campaign, officially launched with a Mother's Day march through a riot-torn Negro slum, now begins erecting the tent city to house some 3,000 demonstrators slowly converging on the city.

The first 450 of the campers rank and file reached the nation's capital over the weekend. More are scheduled to arrive by week's end.

Mrs. Martin Luther King Jr., widow of the slain civil rights leader who conceived the campaign as a means of winning more federal help for the poor, led Sunday's march.

The demonstration, soaked by rain for most of its duration, went off without incident. Police Lt. E. J. Prete estimated the number of marchers at between 2,000 and 3,500.

Today the Rev. Ralph David Abernathy, King's successor as head of the Southern Christian Leadership Conference, is to drive a stake into parkland near the Lincoln Memorial and thus signal the start of construction of shelters in what campaign leaders call Resurrection City.

The 15-acre site runs parallel to the reflecting pool between the Lincoln Memorial and the Washington Monument.

The Mother's Day march was sponsored by the Nationwide

Auto Mishaps Fatal For 19

By The Associated Press

A three-vehicle collision in which a car and a pickup truck collided head-on Sunday night claimed three lives and pushed Michigan's weekend highway death toll to 19.

The accident occurred on M-59, about five miles west of Chesaning in Saginaw County.

Sheriff's deputies said one of the victims, Joseph R. Fessler, 41, of Dubuque, Iowa, veered over the center line and collided head-on with a pickup truck driven by Floyd A. Bennett, 49, of Eggleston Township, Muskegon County. Bennett was killed, along with his passenger, a nephew, Dale Hoffman, 22, of Port Huron.

Hoffman's wife was following the Bennett truck and smashed into the rear of the vehicle. She was taken to a Saginaw hospital. The couple's two children were believed to have been riding with her.

The Associated Press count began at 6 p.m. Friday and ended midnight Sunday.

The victims included:

William E. Huttunen, 25, of Pontiac, when his car ran off M-37 Sunday and struck a tree in Alston, Houghton County.

Today's Chuckle

The more times you win an argument, the fewer friends you have.

Harriman Says, 'We Desire No Vietnam Bases'

PARIS (AP) — The United States accused North Vietnam directly today of moving "substantial and increasing numbers of troops and supplies" into the South, and called on the Hanoi government to take some "important step toward peace."

In an opening statement at the first round of substantive negotiations, Ambassador W. Averell Harriman renewed a U.S. offer to withdraw forces from Vietnam if and when the North pulls its forces from the South and the "level of violence" subsides.

"For our part," Harriman declared, "we desire no bases in South Vietnam, and we are prepared to leave the facilities we have built there to the people we use as they wish."

For the other side, Xuan Thuy told the meeting the United States has been defeated but is continuing its "aggression" against the people of Vietnam.

An outline of Xuan Thuy's speech was given to a news conference after the meeting by Nguyen Thanh Le, chief spokesman for the North Vietnamese delegation.

U. S. Condemned

Xuan Thuy said the United States had been condemned by international opinion including opinion in the United States. President Johnson, he added, had been obliged to announce a limitation of U.S. bombing but in reality aerial bombardment of an important part of the country is continuing and U.S. reconnaissance planes continue to fly over the country including the capital.

Xuan Thuy charged that new troops were being brought from the United States and new appropriations were being sought from Congress.

Earlier Sunday, NWRO members, mostly mothers on welfare, spoke at 53 area churches asking for support.

The group seeks repeal of restrictive amendments dealing with welfare that were passed last year as part of a bill increasing Social Security benefits. Another aim of NWRO is adoption of a \$4,000 minimum annual income for every American family.

Paris Priest

Has New Heart

By The Associated Press

A Paris hospital said today a patient was in excellent condition after a heart transplant Sunday, and medical sources identified him as a 45-year-old Roman Catholic priest who had suffered 30 heart attacks.

The bulletin from Broussais Hospital in Paris on France's third and the world's 14th human heart transplant said only that the hospital's team had performed the operation "under satisfactory conditions and the welfare of the patient is excellent."

The French medical sources already had reported that Prof. Charles Dubost, aided by Drs. Jean-Paul Cachiat and Michel Lacombe, gave a priest from Marseille the heart of a 39-year-old man who died Friday from a cerebral hemorrhage.

They said an artificial blood supply had kept the heart alive until the operation.

France's other two heart recipients are dead.

Four heart recipients survive in other nations.

For Kennedy

FLINT (AP) — William R. Blue, vice president of the Flint Board of Education, has been named chairman of a newly formed Citizens for Kennedy Committee in the 7th Congressional District which includes Genesee and Lapeer counties.

Blue said the group would campaign for Sen. Robert F. Kennedy, D-N.Y., in his bid for presidential nomination.

Meet Wednesday

But Xuan Thuy accused the United States of having sabotaged the 1954 Geneva agreement from the start. He said the United States had destroyed President Ngo Dinh Diem in 1963 and put up a puppet government in his stead.

The meeting lasted three hours and the next meeting has

Troopers Nab 4 Area Youths

A 17-year-old Delta County boy and three other juveniles have been picked up in lower Michigan in connection with the theft of an automobile from Wells last Tuesday.

State Police of the Gladstone Post said arrangements are being made today to have the four young men returned to Delta County.

Arrested were Rodney Coulard, 17, of the Chemical plant location and three other juvenile boys, two age 15 and another age 16. Two of the juveniles are from the Escanaba area and the other is from Manistique, officers said.

State Police said a 1962-model automobile reported stolen from Joe Courier, 2011 N. 15th St., last Tuesday night was recovered.

State Police of the Flat Rock post picked up the youths at Riverview, south of Wyandotte, where one of the boys had relatives. Officers said one of the relatives apparently became suspicious and checked with State Police at Gladstone, who notified the Flat Rock post.

Officers said the young men will be questioned in connection with a breaking and entering of a grocery store and also in regard to severe damage at a house near Cooks.

Sale Surprised Author

Just 1,250 copies of Charles Darwin's "The Origin of the Species" had been printed and published as a first edition. To the surprise of the author, it sold out at once.

College To Accept Tuition Students In Nurse Course

Bay de Noc Community College plans to extend its Practical Nursing program to area students on a tuition basis.

Dr. Richard Rinehart, president, said that the nursing program has been most successful with federal support, but that many prospective students could not be enrolled under selection criteria established by the federal act.

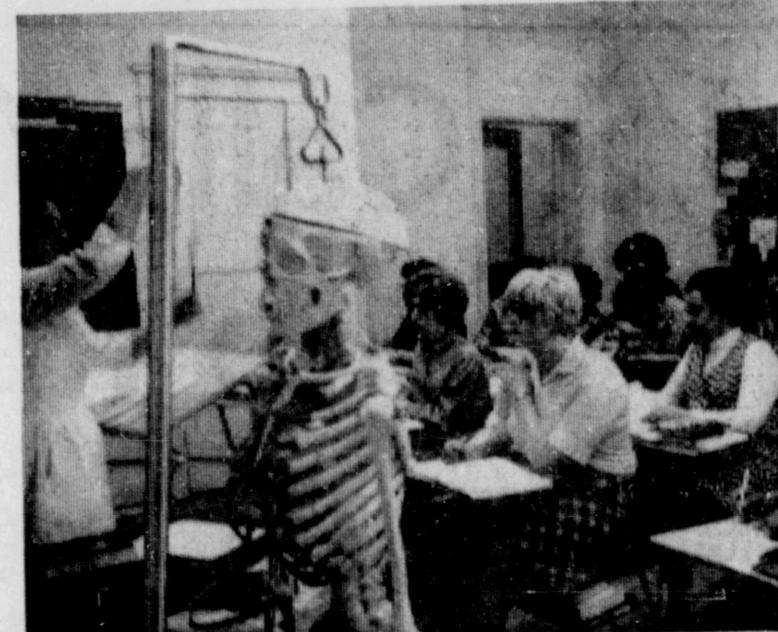

"It is time that the College extend the nursing program to include tuition students in a manner consistent with the open-door admission policy of the College," he said. "The federally funded Manpower program will continue and in addition the tuition program will be initiated for those students who cannot qualify for Manpower Act support entrance."

Qualifications for men and women who desire a career as licensed practical nurses include graduation from high school, age between 17½ and 50 and a satisfactory physical condition.

Students should have a desire to be a practical nurse and reasonable aptitude for classroom and clinical instruction. Courses in the College will relate to physiology, drugs and solutions, nursing arts, nutrition and diet.

Clinical instruction offered in cooperation with St. Francis Hospital and Pinecrest Medical facility will prepare students in medical service, obstetrical care, surgical service and pediatrics.

The College nursing program is approved by the Michigan Board of Nursing and the United States Office of Education.

MRS. JO ANNE GOOD, practical nursing instructor at Bay de Noc Community College, lectures a class of students at the college. Previously a federal program, the practical nursing course will be opened to regular tuition students this fall. (Community College photo).

The program will be one year in length and total 45 credit hours. It is intended that the initial tuition program begin in Sept. 1968.

Anyone interested in the nursing program should make an early application for admission to the College. It will be necessary to limit enrollment for this initial program to the students who can be handled in the campus and affiliated medical facilities. Director of Practical Nursing is Mrs. Elizabeth Goulais.

Finishing second in the tournament were Cal Douck and Jean Bonefeld. William Wood and Tom Butch were third, followed by Mr. and Mrs. Al Taylor, Mr. and Mrs. G. E. Dehlin, Steve Soper and Erickson, Mr. and Mrs. Robert Pearson Sr., Mr. and Mrs. Ken Dufresne, and Mr. and Mrs. Leo Alperovitz.

Results from Sunday's final session were: 1, Mr. and Mrs. Needham; 2, Wood and Butch; 3, Mr. and Mrs. Dehlin; 4, Douck and Mrs. Bonefeld, and 5, Mr. and Mrs. Alperovitz.

The Elks Duplicate Bridge League will hold its closing party Wednesday, May 22, at the Elks Club.

ART STUDENTS Bruce O'Donnell and Roy Sebeck take a look at some of the pottery exhibits on display this week in the annual Spring Student Art show at Escanaba Area High School. The exhibit is open to the public during all school hours and a special open house is planned for 7 to 9 p.m. Tuesday. (Daily Press photo).

Students Put Art On Display

The art department of Escanaba Area High School put some of its students' finest works on display in the school today in the annual Spring Student Art Show.

John Gustafson, art instructor, said a special "open house" is scheduled from 7 to 9 p.m. Tuesday as part of the week-long exhibit.

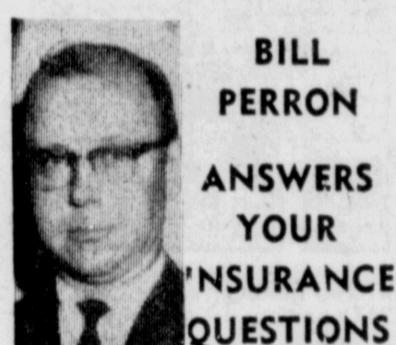

The exhibit also is open to the public during school hours. Gustafson said that at least 50 pieces of pottery and over 100 pieces of flat work represent "some of the better results" of students in high school art classes. About 100 students will have works on display.

The flat work includes drawings, water colors, oil painting, lettering and designs.

Students from all high school grades are represented.

The display is set up inside the main entrance of the high school and extends into C-corridor.

Daniel Wellman Of Ford River Files For Board

Daniel Wellman, 36, of Rte. 1, Bark River (Ford River), today announced he will be a candidate for election to the two-year term on the Escanaba Area Board of Education at the June 10 election.

Wellman filed nominating petitions for the position this morning at the school administration building, giving the school district at least one candidate for each open seat on the board.

Deadline for filing nominating petitions is 4 p.m. today.

Other announced candidates are Ralph Kaziateck, 1608 S. 15th St., and Robert Fontaine, 1608 S. 16th St., both for four-year terms, and Kenneth West,

Orchestra Sets Spring Concert

The Escanaba Area public schools Music Dept. will present the third in a series of May concerts when the Orchestra Dept. takes the stage at William W. Oliver Auditorium at 7:30 p.m. Thursday.

Featured on the program will be the 30-piece Junior High String Orchestra directed by Mrs. George Emba and the 72-piece Senior High Concert Orchestra under the baton of Robert Chase.

The junior high group is composed of seventh and eighth grade students.

Admission to the concert is free. A free will offering will be taken for the summer music camp scholarship fund.

Selections of the junior high string orchestra include "Concertone" by Pleyel, "Tango Trocadero," "Minuet," and the well-known "Artists Life Waltz" by Strauss.

The High School Concert Orchestra will open its program with "Impresario Overture" by Mozart. Feature number will be George Gershwin's "Rhapsody In Blue" with Bill VanEffen as piano soloist. VanEffen is a junior at the high school.

Other selections will include "American Salute" by Morton Gould, and "March From the Symphonic Suite" by Clifton Williams.

Briefly Told

Cub Scout Pack 405 of Soo Hill will meet at 7 p.m. today at the school.

The meeting of the Delta County Democratic Women's Club scheduled for May 20 has been postponed until June. The exact date will be announced later.

Mrs. Erickson Taken By Death

Mrs. Alvin (Frances Anne) Erickson, 52, of 612 S. 16th St., Escanaba died at 10:15 p.m. Friday at St. Francis Hospital. She was born Jan. 30, 1916 in Escanaba and was a member of St. Joseph's Church.

She is survived by her husband; one son, Kim, at home; one daughter, Mrs. Michael (Susan) Lynaugh of Escanaba and two grandchildren; her mother, Mrs. J. A. Pirot of Escanaba; two brothers, Maurice of Escanaba and Harold of Wyandotte; and one sister, Mrs. Louise Asp of Milwaukee.

Friends may call at the Anderson Funeral Home from 4 to 9:30 p.m. today and liturgical prayers will be recited at 9 p.m. today. Funeral services will be conducted at 9 a.m. Tuesday at St. Joseph's Church with Rev. Jordan Telles officiating and burial will be in Holy Cross Cemetery.

Going fishing? Then get yourself one of the fibre glass tri-hull boats now. Small ones for inland lakes and large ones for big lakes and popular coho salmon fishing.

Electric Agreement:

City, Power Co., Renew Contract

The City of Escanaba and the Upper Peninsula Power Co. next month begin their second 10-years of owner-operator experience with the city's municipal electric generating station.

City Manager George Harvey, in a report to the City Council prepared last week before an auto accident which caused injuries requiring his hospitalization, noted the contract between the City and the Power Co. was signed in advance of actual application, as provided for in the agreement.

"Essentially, this agreement extends the contract period 10 years at the same rate, provides firm power until we reach 21,600 KW, provides for future expansion which should take place in 1976," the manager reported.

Slight changes, such as substitution addition of two new feeders, one for the Power Co. and one for the City, are being installed this summer, he added.

"This will be handled in the same manner that the plant has been amortized; we put up the money and they pay for it over the years through the lease agreement," the manager explained.

Over the past 10 years the city's electric distribution lines have been completely rebuilt.

Some system revision is now due to moving lines for the Chicago & North Western Railway, and some similar work had to be done for the Harnischfeger Corp. during their expansion.

"We will have to build a new feeder power line from the plant for the C&NW load and it is hoped that we can loop this with our other industrial feeder to provide better

Death Claims

Mrs. LaBelle

Mrs. Dona (Martha) LaBelle, 55, of Rte. 1, Wilson, died at 4:15 this morning at St. Francis Hospital following a month's illness.

She was born June 7, 1912, in Bark River and has been a lifelong resident of the Bark River area. She had attended the Bark River schools and was a member of St. George's Church and its Rosary Society.

He is married to the former Gertrude Wunder and the three children of the family, Danielle, 14, Paul, 11, and Melody, 8, all are students in the Area school system.

Some of the commentators speaking out on the Indiana primary election tended to discredit Senator Robert Kennedy's showing there, but the junior senator from New York must be humoring "On the Banks of the Wabash" as he girds for the Nebraska primary. When a latecomer to the primary skirmishes can collect 42 percent of his party's vote in a three-cornered race in which his nearest opponent — and a popular Hoosier, at that — garners only 31 percent, things are coming up roses for him.

Although Vice President Hubert Humphrey wasn't in the race in Indiana, there are certain parallels between the 1968 primary there and the 1960 primary in West Virginia, where Senator Kennedy's brother met his first big test on his road to the White House. For John F. Kennedy eight years ago, West Virginia was a crucial election to establish whether a Catholic contender had a chance to win the United States presidential nomination. He defeated Humphrey decisively and was well on his way to election.

Indiana held much the same challenge to the late President's younger brother. Had he faltered in Indiana, his chances of gaining the nomination would have been dimmed, if not extinguished. His victory preserved the Kennedy magic at the polls and apparently set the stage for another Kennedy-Humphrey confrontation — not at the polls, but in the convention hall in Chicago in August.

The implication is that Senator Eugene McCarthy's chances of gaining the nomination now appear to be slimmer than at any time since the New Hampshire primary, in which he scored such a surprising victory. It seems to come down to this: For all his refreshing candor and happy new approach to campaigning, McCarthy's amateurism is no match for the slick professionalism Kennedy is able to muster.

Organization was the key to Kennedy's success in Indiana — organization and the Kennedy charisma, the indefinable something that draws voters to his column as moths are drawn to a lamp. Kennedy went into Indiana with a machine that functioned as efficiently as a computer. He said the right things in the right places with the elan that has become a hallmark of this remarkable political family. Together, the machine and the man, worked so effectively, that it rouses wonder whether a candidate like McCarthy with only courage and sense, can become a serious contender.

Humphrey, however, is another matter. Without engaging in a single primary, he remains a formidable hurdle to Kennedy's hopes of nomination. While Kennedy pursues the primary route that served his brother so well, Humphrey will be working behind the scenes trying to build the delegate strength which is the thing that will count most in Chicago.

How Humphrey fares may well depend more on how the Johnson administration fares in the next several weeks than on any other single factor. As the heir-apparent to that administration, his fortunes are inextricably tied to its fortunes. For three and a half years he has been Lyndon Johnson's alter ego. On him will fall the burden of Johnson's successes or failures. If the peace negotiations in Paris show progress, if we have a short, cool summer, if the nation's economic problems are eased, Humphrey's star will rise.

If not, the Democratic Party will be ready for a change in course, and — barring a McCarthy miracle — Kennedy will represent that change.

Cities Decline

The big news of the 1960 census was the decline of the cities at the expense of the suburbs. That trend is continuing.

Writing in science magazine, two sociologists, Reynolds Farley of the University of Michigan and Karl E. Taeuber of the University of Wisconsin analyzed special mid-decade census data for 18 cities — Buffalo, Cleveland, Des Moines, Evansville, Fort Wayne, Greensboro, Louisville, Memphis, Providence, Raleigh, Rochester, Sacramento and Shreveport.

They found that seven of the 18 experienced a decline in total population — as much as 10 percent in Providence and Buffalo. But in each city, South as well as the North, the Negro population grew more rapidly or (in the case of Shreveport, La.) decreased less rapidly than the white population.

"The concentration of whites in the suburbs and Negroes in the central cities is continuing," they write. At the same time, the "indices of racial residential segregation" have generally increased.

The combination, they conclude with professional reserve, "has greatly intensified the problems of segregation and desegregation of neighborhoods, local institutions and schools."

The National Advisory Commission on Civil Disorders put it more vividly:

"Our nation is moving toward two societies — one black, one white — separate and unequal."

And You're Another

The United Mine Workers of America is a voice crying in the coal pits against the perils of atomic energy.

Nuclear power plants are spewing out highly radioactive wastes around the country and constitute a danger to the health and well-being of the American people, warns union president W. A. Boyle. Besides that, they're uneconomic. They also compete with coal.

The UMW feels so strongly about the matter that in March it expelled "District 50," its affiliated union representing atomic energy plant workers, because of that organization's endorsement of atomic energy.

Comes now on the scene Ralph Nader, the man who has taken on such giants as the auto, meat-packing and gas industries, with another ringing "accuse."

The United Mine Workers, along with the whole coal industry and the U.S. Bureau of Mines, Nader has just charged, is guilty of neglecting the health and safety of — you guessed it — coal mine workers.

Research

A biologist at the University of Colorado has received a \$300 grant to conduct what is described as "a highly specialized study."

The purpose is to determine the "sex appeal" of the crimson markings on the red-wing blackbird.

The value of exhaustive research into human problems and characteristics has, of course, been long-established, and it is interesting to know that there are also studies which obviously are strictly for the birds.

Four young Escanaba men yesterday were credited with breaking all speed records ever set in the city, but they were not award prizes. When arraigned, each man paid a fine and costs amounting to \$11.45.

50 Years Ago

The city recreational junior basketball championship was won this season by the team of Jack Schils, forward; Bob DuFour, forward; Bill Peterson, center; Jack Finn, guard; and Bill Finnigan, guard.

Farm Workers Show Decline

WASHINGTON (AP) — The American Farm Labor force of 4,683,000 at the end of April was slightly smaller than a year before, with hired workers accounting for all of the decline.

Cool weather and rain slowed field work and the need for hired labor in most parts of the country, the Agriculture Department reported.

A three per cent reduction in the hired force, to 1,017,000, more than offset an increase in the number of farm daily members working.

Farm wage rates for the last week in April averaged \$63.50, up \$4.75 from a year ago and 27 per cent above the April average for the five years through 1966.

Traffic Fatalities Rise In Nation

CHICAGO (AP) — The nation's traffic fatalities for the first three months of 1968 totaled 11,480 or six per cent above the 10,880 recorded during the first quarter of last year, the National Safety Council said Sunday.

Lansing, Mich., led cities in the 100,000-200,000 population category with one death per 10,000 registered vehicles.

Beans Stolen

LAREDO, Tex. (AP) — A burglar broke into a restaurant and stole 50 pounds of pinto beans. The owner estimated the loss at \$6.

AROUND THE YACHT basin workmen are busy putting finishing touches to boats that soon will be launched for the season. Five additional boat stalls have been constructed by the city this spring. (Daily Press Photo)

Foreign Ships To Use Big New Lock At Sault

SAULT STE. MARIE — Seafaring crews from 21 European, African, South American and Far Eastern nations who sail the St. Lawrence Seaway into

Lake Superior for grain later this summer will find a big new lock waiting for them at Sault Ste. Marie.

This will be the new Poe Lock, under construction for the past seven years at a cost approaching \$40 million. The Poe is one of four locks operated at the Sault by the U. S. Corps of Engineers to raise and lower ships 21 feet into and out of Lake Superior.

The new lock, largest on the Great Lakes, will be dedicated and opened to traffic on July 13 as a part of the Sault's celebration of the city's 300th birthday this year.

The Sault was originally settled in 1668 by French Jesuit missionaries who built a permanent mission beside the rapids here which the locks now surround.

Each year since the St. Lawrence Seaway opened, a substantial amount of cargo has been carried through the locks by saltwater ships from many countries as well as by regular Great Lakes freighters which never see the sea.

In a typical year these ocean-going freighters will carry between 3,000,000 and 4,000,000 tons of grain out of Lake Superior to world ports. Largely wheat, corn and barley from the North American prairie states and provinces, the grain is loaded at Duluth-Superior on the U. S. side of Lake Superior and at Port Arthur-Fort William on the Canadian side.

Last year ships flying the flags of 15 European countries were represented in this trade — Belgium, Denmark, England, France, Germany, Greece, Holland, Ireland, Israel, Italy, Norway, Spain, Sweden, Switzerland.

Africa was represented by ships from Ghana, Liberia and Nigeria, South America by Panamanian flag ships, and the Far East by Japan and the Philippines.

Although Norwegian ships carried the largest amount of grain through the locks last year, nearly 700,000 tons represented 22 per cent of the total saltwater traffic. Norway was not the main destination.

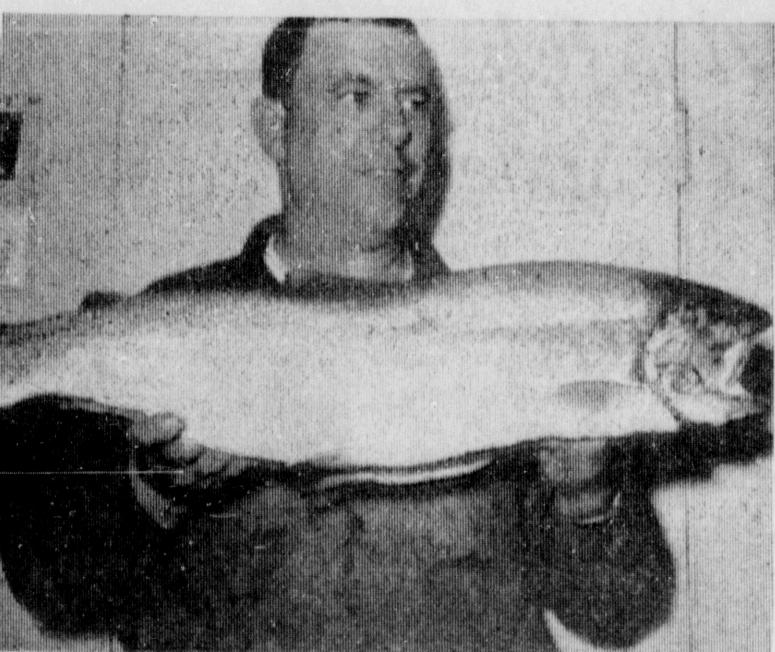

Holland, with 853,000 tons, was the main European importer of Lake Superior grain, with England a close second and Belgium third. Norwegian imports of Lake Superior grain amounted to 31,000 tons.

Lamprey Threat To Coho Serious, Declares Ruppe

ALPENA (AP) — Two Michigan Republicans warned Sunday that chances of coho salmon surviving are seriously threatened by a recent budget cut in the lamprey control program by the Great Lakes Fishery Commission.

The critics are U. S. Representative Philip E. Ruppe of Houghton and State Representative Joseph Swallow of Alpena. They spoke to a group from the Alpena Community College Cooperative Hatchery which planted 70,000 coho salmon fingerlings in Thunder Bay River Sunday.

Also at the planting were Mort Neff of the television program "Michigan Outdoors," and Harry Whiteley, chairman of the Michigan Conservation Commission. They said the critical time for killing the lamprey is now. The lamprey almost wiped out lake trout on the Great Lakes until a program was undertaken to get rid of the eel-like aquatic vertebrate.

LELAND WELLMAN, 108 N. 2nd St., Wells, displays this 11-pound rainbow trout he landed Wednesday afternoon while fishing at the mouth of the Mosquito River in Alger County. Wellman said he played the fish about 20 minutes. The big trout struck on his first cast of the afternoon. He was using spinning equipment with a silver and blue "Little Cleo" lure.

Germfask

TOPS Club

The Wonderland Tops Club of Germfask welcomed three new members at their meeting Thursday night.

Bowling Banquet

Mr. and Mrs. Thurman Skarratt, Mr. and Mrs. Ted Skarratt and Mr. and Mrs. Richard St. Martin attended the mixed doubles bowling banquet at Garden Corners Saturday evening.

Clifford Long and Mr. and Mrs. Charles V. Stratton traveled to the V. A. Hospital at Iron Mountain Wednesday.

Mr. and Mrs. Carl Thren

have returned to their home at Remus, Mich.

Mike Prich and friend of Sault Ste. Marie, Canada were visitors at the home of Mr. and Mrs. George Swisher recently.

The Happy Hour Homemakers Club held a meeting Thursday night at the home of Mrs. Lilian Carson.

'Seaway Tony' Heads For Soo

SAULT STE. MARIE (AP) — Tony Calery, who gained the nicknames "Seaway Tony" and "Timber Tony" for his prowess in paddling canoes and as a lumberjack, is off on a 900-mile voyage to publicize Sault Ste. Marie's tricentennial celebration.

Calery left Three Rivers, Que., on Saturday, paddling his canoe toward the Soo. He plans to reach the Upper Michigan city in about a month.

In 1964, Calery paddled 2,000 miles from Sault Ste. Marie to New York.

Powers-Spalding

Art Club

The Palette and Brush Art Club will meet Wednesday at the high school and this will be the final meeting of the year. All members are to be present at 8 p. m. sharp.

Chamber Of Commerce

The Powers-Spalding Chamber of Commerce will meet in the school lunchroom at 8:30 p. m. Wednesday. A Board of Directors will be elected. All interested persons are urged to attend.

Stops Tormenting Rectal Itch

Exclusive Formula Promptly Stops Itching,

Burning and Relieves Pain of Piles In Most Cases

New York, N.Y. (Special): The embarrassing itch caused by hemorrhoids is most torturous. But science has found a special formula with the ability, in most cases — to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids. And all without narcotics or stinging astringents of any kind.

The secret is Preparation H®. There is no other hemorrhoid formula like it. Preparation H also lubricates, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Laughing Whitefish Falls Given To State

LANSING (AP) — The State Conservation Dept. Thursday received a gift of 100 acres of land, which included Laughing Corp.

Whitefish Falls and its gorge area in Alger County.

The area was deeded to the department by the Celotex Corp.

In another transaction, Celotex swapped 260 acres of adjoining land for 1,440 acres of state forest lands in Baraga County. Department officials said the lands were of equal value.

The falls area is unique in that it contains virgin timber. Although the land once was owned by logging companies, the trees were never cut because of the difficulty of entering and leaving the steep gorge.

BEVERLY HILLS, Calif. (AP) — "If Congress doesn't respond to the poor people's march, then something very definitely is out of order with the composition of our Congress," Detroit Mayor Jerome Cavanagh said Saturday.

He spoke at a conference on "How to Protect Rights and Prevent Riots."

Last summer's riots, Cavanagh said, "demonstrated the complete inadequacy of the approach to the very, very deep-seated problems that face America."

Asked the cost of attacking realistically the urban problems facing Negroes, Cavanagh said: "One trillion dollars—which is not much, when you figure that the gross national product will be over \$20 trillion in the next 10 years."

A porcupine does not shoot its quills at an enemy.

About 160 publishers from 19 nations are gathering to discuss developments in communications technology and the world press in general. This is the group's second conference in Japan, the other was in Tokyo in 1958.

Housing Bill Backers Say Votes Are There

LANSING (AP) — Now that the Legislature has completed the bulk of its committee work and turned to action on the floor, the first measure on tonight's House agenda is the open occupancy bill.

That indicates the priority level assigned to the controversial item by Gov. George Romney and the Republican and Democratic leaders in the chamber.

Backers in the House say they expect to have enough votes to pass the bill eventually—probably after a lengthy and heated debate—and hope they also will be able to fight off amendments objectionable to the Senate, which approved the bill April 4.

Support Booster

The House defeated the measure 47-35 last winter, but Speaker Robert Waldron, R-Grosse Pointe, and Democratic leader William Ryan of Detroit, both supporters of the bill, say they think both parties will contribute more votes this time.

Ryan says as many as 32 Democrats may vote for the measure, which needs 55 votes to pass. Some 26 Democrats and 21 Republicans supported last year's similar bill.

The bill forbids racial discrimination in negotiating, financing, soliciting or transacting the sale or rental of a housing unit or in making money

available for home building or repairing. Certain "tight living situations," such as rental of rooms in a private house in which the owner lives, are exempted.

Penalties Provided

As passed by the Senate and endorsed by a House committee, the measure provides a circuit court could fine a businessman up to \$1,000 for violating the act and up to \$2,000 for a second offense.

An individual violator could be held liable for up to \$500 in actual damages suffered by the person filing the bias complaint. If a complaint was dismissed, a court would be able to order the complainant to pay the costs and attorney fees of the person accused.

That complainant-liability provision is certain to stir up a fight on the House floor. Some backers of a strong bill favor making the state, rather than the complainant, liable.

Other changes which various members are expected to try to make in the bill this week include:

Fight Charges

—Returning to the 1967 bill language requiring that a housing discrimination complaint be proved "by a preponderance of the evidence," rather than "beyond a reasonable doubt," as the 1968 Senate version provides.

—Reinserting in the Senate bill language excluding from the antibias sections of the bill housing owned by charitable or religious groups.

—Taking the entire question of housing discrimination out of the hands of the State Civil Rights Commission and requiring filing of all such bias complaints in court.

Waldron and Ryan hope to form a bipartisan coalition which can prevent adoption of any major amendments.

If the bill passes the House without amendment, it will be ready to go to Romney for his signature. If changed, it would be returned to the Senate, fac-

Jaycees Elect Robert Padget

GRAND RAPIDS (AP) — The new president of Michigan's Jaycees is Robert Padget of Eastland, a 28-year-old supervisor at Ford Motor Co.

Padget won election Saturday night over Tom Jacobs, 27, of Merrill, Jacobs, an international vice president of the state Jaycees, is a production supervisor at Eaton, Yale & Towne in Saginaw.

The new president is a former national director, state vice president and president of Westland Jaycees. Padget works in Ford's communications and data processing center at Dearborn.

A floor fight over a vice presidency at the Jaycee annual convention in Grand Rapids delayed the presidential election for a time.

In the contested spot, Don Hann, 30, of Holland upset former national director Frank Yurcus of St. Joseph. Hann is state legal counsel for the Jaycees.

The other of the two vice presidential posts went to Don DeMoss, 31, of Swartz Creek, a national director.

Frankenmuth Jaycees won the C.W. Otto Award as the best over-all chapter in the state. The 106-member chapter ran the city ice rink, the soap box derby, sponsored the Explorer Scouts and undertook a number of other civic and charitable tasks.

Vassar won the Milestone Award for the most outstanding first-year chapter.

Project of the Year awards were given, by division, to Fremont for work on a fluoridation issue; Clarkston, for a program of recreational therapy for children at Pontiac State Hospital; Ypsilanti, for establishing a youth center, and Kalamazoo, which built a "five-senses" garden for enjoyment of mentally handicapped children.

Three Lose Lives When Boat Sinks

COLCHESTER, Ont. (AP) — Three Detroit men who jumped from a sinking boat were presumed drowned Sunday after a search of Lake Erie near Colchester failed to turn up a trace of them.

A fourth man—the son of one of the victims and the brother of another—was rescued Saturday afternoon when a man in a passing sailboat spotted him clinging to a two-foot section of the sunken boat.

Police identified the victims as Sam Latamore, 50, James Latamore, 20, and Willie Madison, 26. Rescued was 19-year-old Jerome Latamore.

Business Aid

NEW YORK (AP) — Mayor John V. Lindsay has signed a law allowing newsstands to sell items such as paperback books, pennants and rain hats in addition to newspapers and periodicals. The added items may not be priced over a dollar.

ing still more legislative battles and possibly the danger of being scuttled.

Laughing Whitefish Falls Given To State

LANSING (AP) — The State Conservation Dept. Thursday received a gift of 100 acres of land, which included Laughing Corp.

Whitefish Falls and its gorge area in Alger County.

The area was deeded to the department by the Celotex Corp.

In another transaction, Celotex swapped 260 acres of adjoining land for 1,440 acres of state forest lands in Baraga County. Department officials said the lands were of equal value.

The falls area is unique in that it contains virgin timber. Although the land once was owned by logging companies, the trees were never cut because of the difficulty of entering and leaving the steep gorge.

BEVERLY HILLS, Calif. (AP) — "If Congress doesn't respond to the poor people's march, then something very definitely is out of order with the composition of our Congress," Detroit Mayor Jerome Cavanagh said Saturday.

He spoke at a conference on "How to Protect Rights and Prevent Riots."

Last summer's riots, Cavanagh said, "demonstrated the complete inadequacy of the approach to the very, very deep-seated problems that face America."

Asked the cost of attacking realistically the urban problems facing Negroes, Cavanagh said: "One trillion dollars—which is not much, when you figure that the gross national product will be over \$20 trillion in the next 10 years."

A porcupine does not shoot its quills at an enemy.

About 160 publishers from 19 nations are gathering to discuss developments in communications technology and the world press in general. This is the group's second conference in Japan, the other was in Tokyo in 1958.

What makes a Pontiac a Pontiac?

(And what makes ordinary cars ordinary?)

Only Pontiacs have Wide-Track. Drive a Pontiac and you'll wonder who took all the bumps and curves out of the road.

Even our lowest priced Pontiac has a unique 175-hp Overhead Cam Six. Unless you count cylinders, you'll swear it's a V-8.

Pontiac interiors make you glad you left home—soft Morrokide and simulated wood trim so real only a termite can tell it isn't.

Innovations like GTO's Bumper-of-the-Year make Pontiacs look expensive. But record sales prove we know how to price them, too.

THE GREAT WIDE-TRACK DRIVE IS ON!

See your Pontiac dealer. He's out to smash sales records for the 7th straight year!

Fred Lancours Celebrate Their Silver Wedding

Mr. and Mrs. Ferdinand A. (Fred) Lancour of Ford River Road, Escanaba, celebrated the 25th anniversary of their marriage on Saturday, May 11.

The Lancours were honored Saturday evening with an anniversary dinner at the Terrene Supper Club, hosted by their children, John and Kathy. Also attending was Miss Janet Erickson of Escanaba.

Mr. and Mrs. Lancour are members of the Salem Evangelical Lutheran Church of Escanaba and the Rev. John J. Wendland, pastor of the church, said a special prayer in their honor at the 8 a.m. Sunday worship service.

The former Marcella Leisner and Fred Lancour were married May 11, 1943 in Escanaba and Mr. Lancour left for service with the U.S. Air Force during WW II soon after.

The Lancours received many cards, gifts and messages of congratulation in remembrance of the occasion.

Christ The King Mother, Daughter Program Tuesday

The annual Mother-Daughter program, sponsored by Christ the King Lutheran Church Women, will be held at the Webster School Gymnasium on Tuesday, at 7:30 p.m.

The program will feature a chalk drawing by Mrs. Charles Beckingham and meditations on the drawing will be read by Mrs. Erland Carlson. The Cherub's Choir will sing, "We Have A Secret", and "Mother's Love."

Choir girls are Kristine and Denise Chylek, Karen Irving, Carly Hendrickson, Pamela and Susan West and Lois and Susan Carlson. The choir is directed by Mrs. Del Irving and accompanied by Mrs. John Chylek.

Vocal solos, "Sunrise to Sunset", and, "O Happy Home", will be sung by Miss Deborah Beckingham accompanied by Mrs. Carl Wedell.

All mothers present will be given a carnation corsage made by Mrs. Francis Artley, Sr. Special mothers will be recognized by Miss Vendela Sundquist.

Dessert will be served by hostesses Mrs. Del Irving, chairman, Mrs. Louis Brunette, Mrs. John Chylek, Mrs. Erland Arntzen, Mrs. Francis Artley, Mrs. Leonard Erickson and Mrs. Rueben Sholander.

All mothers and daughters of Christ the King are cordially invited to attend.

HOME FURNITURE NEWS

Clyde Anderson

BALANCE can be achieved in a room in a variety of ways, even where you have "mixed" your furnishings. Color, of course, is a basic method . . . deciding on a unified color scheme and following it through.

An old rhyme makes a good rule to remember: "Something dark, something light, something dull, something bright." A well-decorated room will have something of each — but not in the same proportions.

You don't get "balance" by using equal parts of dark and bright colors, for instance. Ordinarily you would use smaller areas of dark against a larger, lighter background. Use your "brights" in small quantities, too, as in vivid decorator pillows or metal accents, such as brass.

You can achieve unity and balance through other devices. Try using lamps in pairs (not more than two pairs in any one room). Pair off a couple of handsome chairs, perhaps picking up a color used in the print on the sofa or in your draperies. Such tricks will provide unity even if the furniture is of different periods.

For that handsome pair of chairs, lamps or tables . . . or the finest furnishings for every room in your home, stop in and browse through our displays. You'll find much to see and expert help with your decorating problems.

Train Hits Car Stalled On Track

A moment of uncertainty by the driver of a car nearing a railroad crossing in Escanaba Township resulted in injury for four Delta County girls Saturday night.

State Police of the Gladstone Post said a car driven by Gladys Micheau, 19, of Rte. 1, Gladstone, stalled on a Chicago & North Western railroad track about 10:05 p.m. and was struck by a train.

Officers said VanHeiningen lost control of the truck when a fertilizer spreader he was towing began to whiplash behind the truck. VanHeiningen was ticketed for having an unlawful trailer rig.

Troopers said three motorists struck deer in the area: Charles Watson, 43, Grand Rapids, on U.S. 2 a mile east of Nahma junction; George Mann, 53, Mt. Morris, on U.S. a half mile west of County Rd. 511 in Ensign Township, and Lawrence Pavlick, 57, of 602 S. 8th St., on M-35 four miles south of the Delta County line.

Miss Micheau and three passengers in her car, Linda Peterson, 18, of 1415 Stephenson Ave., Julie Berntsen, 18, of 1421 N. 16th St., and Joan Vanberberghe, 18, of 208 S. 18th St., all were taken to St. Francis Hospital where they were treated for minor injuries and released.

State Police said the accident happened at the C&NW crossing at County Rd. 420.

Miss Micheau told police that she was traveling south on County Rd. 420 and saw the train coming. She said she thought she could make the crossing, then changed her mind and the car stalled on the tracks.

Development Unit Meeting Today

The president's national advisory commission on rural poverty will be explained at a meeting of the Northern Great Lakes Resource Development Committee today through Wednesday at Stevens Point, Wis.

Thomas Francis, federal co-chairman of the Upper Great Lakes Regional Commission, Washington, D.C., will speak on the activities of the tri-state commission. U.P. citizens serving on the NGLRDC are: Harold Dettman, St. Ignace; Fred Hahne, Manistique; Roy Jensen, Escanaba; and Robert Ray, Ironwood.

Hospital

Neil McColman of Wells is a surgical patient at St. Francis Hospital. His room is 317.

also included a luncheon. Arrangements were made by Senior Class officers and their committees. (Daily Press Photo)

Language Arts Dates Revealed

The Summer Language Arts program sponsored by the Escanaba Area Public Schools will begin Monday, June 24, it was announced today.

The program of reading instruction will continue for six weeks, closing Friday, Aug. 2.

This program is designed to serve students in grades one through six in both public and non-public schools. It is financed by federal funds under Title I of the Elementary-Secondary Education Act.

Plans call for two separate instruction sessions each morning, one from 8 a.m. to 10:30 a.m. and the second from 10:30 a.m. to 12:30 p.m.

Most city students probably will be enrolled in the early session because it will be easier for them to meet the early starting time, thereby give bus drivers ample time to transport rural area students to the 10:30 a.m. to 12:30 session.

He will be introduced by Dr. Richard Rinehart, president of Bay de Noc Community College, who is president of the Delta County University of Michigan Alumni Club.

The luncheon will be at 12:30 and reservations may be made with the University of Michigan Extension office here, phone 786-6861.

President Fleming will be accompanied by Michael Radock, vice president-university relations, and William Stegath, field secretary of the University Alumni Association, an Escanabaan.

Dr. Fleming will address a

Moose Members Meeting Called

Organization leading to the forming of a lodge of the Loyal Order of Moose in the Escanaba area is continuing, and a meeting will be held at 8:30 p.m. Tuesday at Tim & Sally's it was announced today by Tim Curran and Omer LaBumbard.

Harriman Says, 'We Desire No Vietnam Bases'

(Continued From Page One)

been scheduled for Wednesday. The French government took precautions to make sure that the opening session would not be upset by a 24-hour general strike today on behalf of students demanding modernization of the government's educational policy.

Harriman and Thuy both served on the delegations to the 1962 Geneva Conference on Laos.

Distrust Is Problem

While the atmosphere of the meeting today was cordial, diplomats of both countries said privately that one of the many problems facing the negotiators in their "official conversations" was deep, mutual distrust between their governments.

U.S. officials had said they expected Thuy to open with an attack on the United States and to set forth Hanoi's demand that President Johnson stop the rest of the bombing of North Vietnam and "other acts of war" against his country. The demand has been made repeatedly by Hanoi broadcasts, including one Sunday.

Advance word was that Harriman would stress Johnson's readiness to lift the bombing if North Vietnam would make some showing of military restraint.

The U.S. government claims that since Johnson limited the bombing on March 31, Hanoi has increased the supplies and troops it is sending into the South.

Want Zone Restored

The United States would like to see a restoration of the demilitarized zone between North and South Vietnam and an early cease-fire throughout the country as steps toward peace, but U.S. officials declined to disclose when such proposals would be made.

The French government was reported playing a quiet go-between role in bringing the two sides together and helping them iron out problems. The Soviet government supports the talks and has wished them "complete success." Red China has urged the North Vietnamese to fight on, and Western diplomats believe Peking would wreck the talks if possible.

The French government said last week that forces "hostile to peace" were trying to upset the talks by exploiting the student rebellion which closed part of the University of Paris last week and resulted in street fighting. Officials said privately the government meant the Chinese Communists.

Long Process

The opening of official conversations between President Johnson and President Ho Chi Minh through their ambassadors is the culmination of a process that goes back directly almost six months.

Serious peace probes began in 1964 when the Viet Cong and North Vietnamese felt close to defeating the South Vietnamese government. The U.S. government, unwilling to see the South overrun, took the position the probes at that time were not serious.

With the Saigon regime on the brink of collapse—as U.S. officials later admitted—Johnson ordered the bombing of North Vietnam in February 1965 and within three months called a bombing pause as a peace probe. It was one of a long series of diplomatic moves that got nowhere.

Deadlock Broken

Gradually hard positions developed on each side. North Vietnam said there could be talks only if the United States unconditionally stopped all bombing and "other acts of war" against it. The United States said, in various ways, that it would not stop the bombing unless North Vietnam gave it some evidence of peaceful intentions.

The deadlock began to break at the end of December when North Vietnam said talks "will" be held if the bombing ended. In February the Communists launched a big offensive against the cities and towns of South Vietnam and, although suffering heavy losses, forced a sweeping review of American policy.

Hanoi Accepts

Three days later North Vietnam surprised the President and his advisers by accepting, saying preliminary talks could be held to arrange an end to the rest of the bombing and then broader questions could be discussed. A month of haggling over the site followed. On April 3 Hanoi and Washington accepted the French offer of Paris, agreeing to meet May 10.

Harriman and Thuy arrived Thursday. Their deputies, Cyrus R. Vance and Ha Van Lau, met Friday to fix arrangements. Vance said this and a session Saturday were businesslike.

Harriman was encouraged by the progress in arranging for today's opening session and by a report that the North Vietnamese are talking about renting villas for a long stay. Harriman and his associates are known to feel that any successful negotiation will take a long time.

Gladstone News

Legion Installs New Officials

Charles Makosky, 1117 Montana Ave., was installed as commander of August Mattson Post 71, American Legion, at ceremonies held at the Legion Hall Saturday evening. Lester Lauscher, of Hermansville, 5th zone commander, and Norman O'Let, of Munising, 11th zone committeeman, were installing officers.

Other officers installed were Jim Cassidy, first vice commander, Jim Majestic, second vice commander; Earl Godfrey, adjutant; John Gendron, chaplain, Harold Breitzman, finance officer, Art Godfrey, Sgt. at arms; William Swenson, historian and H. J. Skogquist, service officer.

A cocktail hour and smorgasbord for legionaires and their wives preceded the installation ceremony.

Golf Club To Hold Opening Party Saturday

Ladies of the Gladstone Golf Club will serve and evening meal Thursday, May 16 at the club. Committee members for the day are Mrs. David Jondrow, Mrs. Grant Hess and Mrs. Robert Malmor.

Reservations may be made through Tuesday by calling GA-8-9646. The standing reservation list will be completed soon.

The opening dinner party will be held Saturday, May 18 with the cocktail hour from 6:30 to 7:30 p.m. followed by dinner.

Committee members include Mr. and Mrs. James Peterson, Mr. and Mrs. August Altese, Mr. and Mrs. James Farrell and Mr. and Mrs. Gene Harris.

Reservations may be made by calling the club or Kathy Sundalus, GA 5-0773.

The Charlie Johnson Memorial Tournament will be held on Memorial Day, May 30 and persons interested in playing are to sign up at the clubhouse or call the club. A Memorial Day dinner will be served following the tournament.

Gym Program Here Tuesday

The Gladstone High School Physical Education Department will present a program at the new gymnasium at 7 p.m. Tuesday. The public is invited to attend and there will be no admission fee. Mrs. R. L. Wagner, Jim Pinar and Jim Barrett, of the physical education staff, are in charge of the program.

Social

Bethel 7, Job's Daughters, will hold a regular meeting at the Masonic Temple at 7 p.m. today.

Senators Top Tigers; Howard Starts Rally

WASHINGTON (AP) — Frank Howard socked a pair of homers Sunday — one igniting a disastrous five-run inning for Washington — as the Senators snapped Detroit's four-game winning streak 6-3.

Despite the defeat, the American League's front-running Tigers picked up half-game and increased their lead to two games over Baltimore and Cleveland locked in a two-way tie for second place as the Indians dumped the Orioles twice Sunday.

Howard touched off the five-run sixth-inning burst with his eighth home run of the season off starter Mickey Lolich. The leadoff round tripper landed in the left centerfield seats. Ken McMullen also smacked a solo shot off the Tigers' southpaw in the same inning to give the Senators a 5-2 lead.

Howard then lead off the seventh with his ninth homer of the year, a shot off reliever and loser Daryl Patterson, which landed in the upper left field seats.

"We didn't mix our pitches on today and he's the kind of a guy who can kill you," said Manager Mayo Smith of Howard's performance.

"We took two out of three here in Baltimore and after getting 12 runs in each of the last two games, I knew we needed a well-pitched game today and we

didn't get it," said Smith.

Howard, pleased with the outcome, said, "We've been going bad lately but are still only two under .500 and if I can hit one here and there, anything can happen."

For the seventh-place Senators, it was only their second victory in a nine-game home stand.

The Tigers picked up an early lead on two runs in the third when Dick McAuliffe singled and Frank Coggins fumbled Mickey Stanley's grounder to second for an error with McAuliffe taking second. Al Kaline singled McAuliffe home and Bill Freehan then forced Kaline at the left centerfield seats. Ken McMullen also smacked a solo shot off the Tigers' southpaw in the same inning to give the Senators a 5-2 lead.

In the eighth, Kaline scored from third on a single through the box by Tom Matchick.

Winner Joe Coleman, who went the distance without issuing a single walk, said, "I threw 82 fastballs, probably the most I've ever thrown."

Kaline, hitting .275, had some personal optimism, however. "It felt good to get seven hits in this series and now maybe I've got something going."

But Norm Cash was unable to share Kaline's hope.

"My knee just got well after missing a week and now I hurt it again in the same place sliding into second on that (fourth inning) lead off double," mourned the big first baseman.

Mexico To Meet U.S. In Tennis

By The Associated Press

Mexico will be the next United States opponent, as expected, in the American Zone of Davis Cup play after the Mexicans swept past Canada in the quarterfinals Sunday with a doubles victory.

Rafael Osuna and Vicente Zarazua crushed Mike Belkin and Kieft Carpenter of Canada 6-3, 6-4, 6-3 for an insurmountable 3-0 lead, putting Mexico into the semifinals of zone play

against the U.S. at Berkeley, Calif., May 20-22.

A superb finishing round of 66, five under par, boosted Bert Yancey to the second spot and a \$12,000 payoff. Miller Barber, Tom Weiskopf and Bobby Cole tied for third at 26.

Barber and Weiskopf were tied for the lead when the final round began but both fired 73s for the last 18 holes.

Cole, who had a 65 Saturday, ran into a horrendous triple bogey at No. 15 when his tee shot disappeared in thick Spanish moss hanging from a cypress tree, and finished with a 70.

Archer was one under on the front nine. At No. 10 he three-putted from 45 feet for a bogey 5. Then he buckled down.

On 11 he chipped in from off the green for a birdie. At 12 he rammed in a 15-foot birdie putt. At 13 his lie was four feet off the green and 30 feet from the flag but his chip shot ran straight to the hole.

Weiskopf, leading money winner on the tour, lost his touch after a minor accident on the 10th tee. A wind gust blew down the portable score board—with the loud clatter coming just as Weiskopf was at the top of his backswing.

Weiskopf dropped his club and stalked away, then returned to hook his tee shot behind some trees — and hook his second shot into one of the 61 lakes on the course.

The double bogey 6, combined with a bogey on the next hole, dropped him out of contention.

Detroit's Dick McAuliffe, playing second base, performed an unusual double play unassisted last season. Dick tagged Boston's Rico Petrocelli who was retreating to first base, then touched first to put out batter Russ Gibson.

McAuliffe, who had the ball, held the Cardinals to seven hits, including a homer by Mike Shannon, in gaining his third victory against five setbacks.

Willie Mays' 570th career homer gave the Giants a 1-0 lead at Cincinnati, but the Reds struck for three runs in the eighth and hung on to end a five-game losing string. Winning pitcher Gerry Arrigo allowed three hits before leaving for a pinch hitter in the eighth.

Lou Cardenas and pinch hitter Chico Ruiz got the Reds' rally started with singles and Cardenas as scored the tying run as Pete Rose tapped into a force play. Alex Johnson followed with a run-scoring double and tallied on a single by Tony Perez.

The Cubs-Mets opener was tied 3-3 when Chicago pitcher Rich Nye led off the ninth with a single and was forced at second by Don Kessinger. Kessinger stole second and then raced all the way home with the winning run as Glenn Beckert beat out a bouncer to short.

Dick Selma stopped the Cubs on five hits in the nightcap and contributed three singles to New York's 17-hit assault. Met catcher Jerry Grote had three hits in the first game and stroked singles his first two times up in the nightcap for a three-game winning run as Glenn Beckert beat out a bouncer to short.

Dick Selma stopped the Cubs on five hits in the nightcap and contributed three singles to New York's 17-hit assault. Met catcher Jerry Grote had three hits in the first game and stroked singles his first two times up in the nightcap for a three-game winning run as Glenn Beckert beat out a bouncer to short.

McBean scattered seven hits while the Pirates tagged rookie Jeff James for five singles in the first ... and just one more hit the rest of the way.

Denis Menke's two-run single off Bob Gibson with two out in the seventh carried the Astros

past St. Louis. Larry Dierker held the Cardinals to seven hits, including a homer by Mike Shannon, in gaining his third victory against five setbacks.

Willie Mays' 570th career

Fate Of Dancer's Image Rides On Derby Hearing

LOUISVILLE, Ky. (AP) — The official hearing into the disqualification of Kentucky Derby winner Dancer's Image got under way today with the possible suspension of Trainer Lou Cavalaris Jr. hanging on the outcome.

The hearing is to determine the guilt or innocence of those connected with the horse, in-

cluding owner Peter Fuller of Boston and Cavalaris, one of North America's leading conditioners.

Fuller has said he will not allow Dancer's Image to run in Saturday's Preakness if Cavalaris is suspended and cannot saddle the horse.

Track stewards startled the racing world last Tuesday with

Blake Quits Job As Hockey Coach

MONTREAL (AP) — Hector "Toe" Blake left the National Hockey League coaching scene Saturday the same way he entered it 13 seasons ago — with a splash.

Blake, 55, announced his retirement immediately following the Montreal Canadiens' third Stanley Cup triumph in four years and the eighth since he took over as coach before the start of the 1955-56 season.

Montreal swept past the St. Louis Blues in four games, taking Saturday's game 3-2 on J.C. Tremblay's third-period goal after trailing 2-1.

The ecstatic Montreal players hadn't even had an opportunity to dip into the champagne supplied for all post-Cup traditional parties, before Blake made the announcement that he was quitting.

Almost in tears, Blake broke the news "after the greatest, but also the longest and toughest" season in 13 years behind the Montreal bench.

"I just can't take it anymore — the tension and the pressure are too much," Blake said.

The retiring coach set an NHL precedent when he brought the Cup to Montreal in five suc-

cessive years from 1956 to 1960. After his announced retirement, Blake then spoke of his love of the game.

"I'd like to coach for 100 years, it's the only thing I can do, but I just can't take it any more."

"Maybe I can't live without hockey, but for my health's sake I have to try it."

Blake has been threatening to retire for the last six years, while waging his private war with officials, fans and the press, but he always came back. However, this time he vows only a miracle could change his mind.

A great left winger on the famed Punch Line with centre Elmer Lach and right winger Rocket Richard, Blake coached the way he played the game — all out.

Floyd Curry, a former teammate now supervisor of administration and public relations with the Montreal club, is currently touted as top candidate to replace Blake.

The stewards ordinarily have to watch the races but deputy stewards were appointed to observe today's racing so they could remain in the hearing.

Sturgeon also said many witnesses were scheduled to be heard.

Minnesota Strengthens Big Ten Baseball Lead

By The Associated Press

Minnesota's Gophers, whose last bid for baseball fame was winning the 1964 Big Ten and NCAA championships, have strengthened their lead in the current conference pennant race.

Minnesota swept a double-header from Illinois Saturday for a 10-2 standing and a one-game edge over second-place Michigan State, 8-2.

The Gophers, apparently have a softer touch this week. They play only single games, both at home, against the struggling Iowa Hawkeyes, 4-6, Friday and Saturday.

Michigan State moved into pursuit of the lead by brushing aside Wisconsin 3-1 and 7-3. Mickey Knight won the first game on a five-hit no-walk performance. The Spartans rallied for six runs in the final inning of the afterpiece. Steve Garvey's two-run homer capped it.

Northwestern downed Michigan 4-3 as Gary Berman singled across winning pitcher Bob Shutt in the fifth inning. Michigan erased a three-run deficit with a six-run sixth inning to win the nightcap 7-6. The key blow was a two-run double by Pete Titone, who also homered in the fourth inning.

Rain cancelled Indiana's single game at Ohio State and Iowa's doubleheader at Purdue.

Modell gave no indication how that proposal would be received.

During the meeting, which will last through Wednesday, the NFL and American Football League owners will try to get together on other differences such as the use of individual's names on jerseys and the selection of a site for the 1969 Super Bowl.

A change on extra point scoring also has been proposed to put more suspense into the pro games.

The proposal up for consideration would prohibit the extra point kick and would allow one point for a successful running or passing conversion after a touchdown.

Coaches in the AFL have gone on record in favor of the plan.

Los Angeles Team Remains Unbeaten

By The Associated Press

Los Angeles remained the only unbeaten team in the North American Soccer League and had to win to escape the cellar of the Pacific Division.

The Wolves, who defeated division leader San Diego 1-0 Sunday for their fourth victory in six starts—they have tied twice—moved one point ahead of Vancouver, 41 points to 40.

The NASL scoring system gives a club six points for a victory, three for a tie and bonus points for each goal scored in a game, up to three.

In other games Sunday, Oakland nipped Vancouver 1-0, Atlanta dropped Boston 4-1 and Toronto topped New York 3-2.

Spring Football Meeting Begins

ATLANTA (AP) — The annual spring meeting of professional football club owners gets underway here today with a controversy already looming between owners and players in the National Football League.

The player-owner dispute, which involved salaries and the pension fund, flared into the open Sunday when Art Modell, owner of the Cleveland Browns and NFL president, said concessions being demanded by the players "come under the realm of impossibility."

Modell said he and his labor relations committee "are open to any suggestion that makes sense," but said two of the player demands are impossible.

The two player proposals considered impossible, Modell said, are that \$5 million be contributed annually to the player retirement fund and that each player receive \$500 for each exhibition game.

Billy Mills Training Well Ahead

FRESNO, Calif. (AP) — Billy Mills, the United States' hero of the 1964 Olympic Games, sets his sights on another victory in the grueling 10,000-meter race and feels he's well ahead in his training program.

A member of the Marines when he won at Tokyo, Mills now works for an insurance company in San Diego and so far has concentrated on shorter races.

At the West Coast Relays on Saturday night, he placed third in the two-mile race won by Veteran steeple chase runner Pat Traynor in 8 minutes 42.2 seconds. Mills' time was 8:43.3 for the race of about one-third the distance of his Olympic event.

"I was happy with that showing," declared the ex-marine who proved four years ago that American runners can win over the long haul. He doesn't

know how the altitude at Mexico City will affect him, but he says he hopes to get in a lot of high altitude training this summer.

"I'm way ahead of my 1964 schedule," Mills declared, "but I'm going to keep running the two-mile races for a while."

Billy wasn't much affected by the wind and chilly weather on Saturday night which spoiled many record attempts. Despite the weather, however, Bob Seagren of Southern California boosted his meet record pole vault to 17 feet 6 1/4 inches. He missed his three attempts at 17-1/2 trying to better the world record held by teammate Paul Wilson, who missed this event because of a pulled muscle.

Villanova's mile relay team, anchored by Dave Patrick, clocked only 7 minutes 23.5 seconds off the world record of 7:16 at which it aimed. Jim Ryan

brought Kansas into second place as he made up about 25 yards on his anchor lap after starting in fifth place.

Earl McCullough won the high

hurdles in 13.3 seconds, just one-tenth off the world record the Southern Californian star shares.

J.D. Still of Arizona State ran 9.3 for the 100-yard dash but in both cases the wind was 5 miles per hour above the allowable aiding limit.

San Jose State, winning the 880, mile and distance medley relays, captured the team title with 71 points. Brigham Young took second with 56, followed by California 37, Arizona State 26, New Mexico 24 and Villanova 23.

Lee Evans anchored both the

Jones To Meet Folley Tuesday

By The Associated Press

Al Jones, the 225-pound Florida heavyweight who is unbeaten in 21 pro bouts, meets his first name fighter Tuesday night.

Jones will box Zora Folley, the Chandler, Ariz., heavy who fought Cassius Clay for the world title last year, in the 10-round feature at the Miami Beach, Fla., Convention Hall.

This is the Jones who was mentioned by Angelo Du dee, manager of the WBA champ Jimmy Ellis, as the man to be met by all challengers before they get a shot at Ellis.

Michigan Week Leaders Chosen

Harold Cockram, general chairman of Michigan Week, May 19-25, has announced chairman of various committees and planned activities for the week.

Theme of this year's celebration is "Michigan - Land of Hospitality."

Rev. Ingmar Levin, pastor of Zion Lutheran Church, is chairman of Spiritual Foundations Day on May 19; Government Day, May 20, co-chairmen are Cockram and Robert Noe, city manager; Mrs. J. J. Herbert is chairman of Heritage Day, May 21; Lawrence Gorsche will head Livelihood Day Activities on May 22; Education Day activities are being planned by Marvin Frederickson and Evelyn Berwin; Hospitality Day chairman is Rev. Roy Pitts.

Ithaca Mayor Here

Mayor Robert Brown of Ithaca and his wife and city clerk Herbert Ringle and his wife will be guests of the City of Manistique on Government Day as part of the Mayor Exchange Program.

The Ithaca visitors will be feted by city officials and industry throughout their visit. A Government Day dinner is being planned at the Fireside on Monday evening with Dr. Duane Waters as guest speaker.

Cindy Orlich of Germfask, a senior at MHS, will also speak on "What Government Means To Me."

Beauty Award

An award will also be given to the individual or business which has contributed outstandingly to beautification of the city.

A special Cultural Night program on May 24 is being planned with Mrs. William J. Sheahan and Mrs. Hudson Johnson, co-chairmen.

The Friday evening program will be highlighted by the Native Son or Native Daughter Award, given annually to a person born in this area who has contributed civically, culturally, or materially to the community. Last year the award went to the Marin brothers, former

Glaucoma Clinic Set On May 22

A Glaucoma Screening Clinic will be held in the St. Francis Gym on May 22 from 6 to 9 p.m. Dr. Gordon Eadie, director of the Alger-Schoolcraft Health Dept. announced this week.

Screening will be limited to adults in the Schoolcraft County area 40 years of age and older and will be conducted by the physicians of Schoolcraft County, who are donating their time.

"Glaucoma affects the vision of one in every 50 adults 40 years of age and over in the U.S.," Dr. Eadie said.

"These men and women are slowly losing their sight from this eye disease because of ignorance or neglect; in order to detect this stealthy attacker before it does irreversible harm, we are scheduling a clinic for detection."

Symptoms of glaucoma are need for frequent changes of glasses, none of which is satisfactory; inability to adjust the eyes to a darkened room, such as a theater; loss of side vision; blurred or foggy vision or seeing rainbow-colored rings around lights.

"If you have ever experienced any of these symptoms," Dr. Eadie concluded, "you should take part in the screening program or consult your own physician."

Glaucoma detection is possible through use of a tiny device called a tonometer which measures the amount of pressure within the eye.

Besides the physicians of Schoolcraft County, the clinic is also sponsored by the dentists, Lions Clubs, Alger-Schoolcraft Health Dept., and the Michigan Dept. of Public Health.

Discharged on Friday were Sarah Pierson, Augusta Anderson, Alan Barr, Carla Smith and baby, and Linda McKenzie.

Admitted to the Schoolcraft Memorial Hospital on Friday were John Hartman, Robin Mattson, Perry Baxter, Sylvia Henry, Jack Roemer and Carl Lind.

residents of Manistique. A special presentation of a one-act play by the Manistique Little Theater Group is being programmed for the Cultural Night activities.

Written by a Michigan authoress, Jessie Clough of Ludington, the play is being directed by Mrs. William L. Norton.

Product Display

Music chairmen for the cultural night festivities will be Father Daniel Zaloga, assistant pastor of St. Francis de Sales Church. A newly-organized chorale will be heard and Father Dan will lead the audience in group singing.

Lawrence Gorsche, Livelihood Day Chairman, has announced that a special exhibit of Schoolcraft County products will be on display in the board of directors room at the State Savings Bank throughout Wednesday, May 22.

Other activities are to be announced in the near future.

Women's Golf Dinner May 15

Wednesday night ladies division of Indian Lake Golf and County Club will meet for their opening dinner-meeting on May 15.

Golfers are being asked to arrange their matches for the first day of play.

Reservations for the 7 o'clock dinner may be made by calling the club at Mrs. Stanley Arnold at 341-2051.

Ladies division officers will be hostesses and include Mrs. Edward V. Jackson, president; Mrs. Lyle Wilson, vice president; Mrs. O. F. Smits, secretary; and Mrs. Arnold, treasurer.

Social

Bridge Club
Mrs. Ernest Eckland, Maple St., entertained her bridge club Thursday at her home. Mrs. A. W. Cockram and Mrs. Gottfrid Johnson were awarded bridge prizes. Mrs. Bud Malloy was a guest of Mrs. Eckland.

THE LITTLE WOMAN

Obituary

MAYNE BASHORE

Funeral services for Mayne Bashore, 70, of Manistique Heights, were held Friday at 9 a.m. from St. Francis de Sales Church. Rev. Father Dan Zaloga officiated. Pallbearers were Agner Dehlin, Ed Gray, William Vincent, John Burley, Harvey Asp and William Buckholz. Burial was in Fairview Cemetery under the direction of Messier-Broullire Funeral Home.

Glaucoma detection is possible through use of a tiny device called a tonometer which measures the amount of pressure within the eye.

Besides the physicians of Schoolcraft County, the clinic is also sponsored by the dentists, Lions Clubs, Alger-Schoolcraft Health Dept., and the Michigan Dept. of Public Health.

Split Develops In Phone Union

PHILADELPHIA (AP) — The local branch of the Communications Workers of America, AFL-CIO, said Sunday there is growing, nationwide support for a drive to bolt the 400,000-member union.

Joseph Ratti, president of CWA Local 2590, said support has been "pouring in" from local leaders and unhappy rank-and-file members from all over the country, offering help in the form of work and money.

Many union members expressed displeasure last week when their bargaining team negotiated a new, three-year contract to end a nationwide CWA strike against the Bell Telephone System and Western Electric Co.

Nationally, the contract was ratified by a 5-3 margin, but it was rejected in many areas, including here and Detroit and other cities in Michigan.

Ratti said that local officers from Jacksonville, Fla., and Atlanta, Ga., were here last week to discuss the proposal to bolt the union. Others have conferred with him by mail and phone, he said.

He said bulletins are being distributed by his supporters and various locals and that eventually CWA members will be asked to sign cards indicating their desire to be represented by another union.

Held In Slaying

BATTLE CREEK (AP) — Police in Battle Creek are holding a 26-year-old man in connection with the shooting death of 21-year-old Marie Jeffers of Battle Creek. Held is Burl Williams of Battle Creek. Police said the victim was shot at her home.

RONALD HANSON, left, son of Mr. and Mrs. Harland Hanson and Michael LaBonte, son of Mr. and Mrs. Napoleon LaBonte Jr. of Powers have been selected to attend Boy's State on the campus of Michigan State University, East Lansing, June 12-19. They are both juniors at Powers-Spalding High School and are sponsored by the Tony Revord Post 44 American Legion and the local Lions Club.

Rental Business Saves Beekeeper

EAST LANSING (A) — The rent-a-bee business in Michigan is boosting benefits to beekeepers and fruit growers as well.

Beekeeping in the state had been on a gradual decline because of a static honey market, says Dr. Bert Martin, a Michigan State University entomologist. Then bee rentals boomed.

Last year, some 10,000-12,000 colonies of bees were used on 6,000 acres of berries operated by the Michigan Blueberry Growers Association alone and the state's beekeepers benefited by some \$70,000.

Rely On Bees

Bee pollination is required in the annual production of more than \$80 million worth of Michigan crops, Martin explains. While wheat, oats, barley, corn and many other field crops are wind pollinated, most fruits and

vinecrops like cucumbers rely almost entirely on bees to carry out that process.

"In the 1920s, people realized that bees were necessary for some pollination," Martin says, "particularly in apples and tree fruit crops and it became fairly common to bring in some bees."

Several factors combined to push honey bees out of their hives and into the fields.

Wild Bees Killed

"Many of the state's blueberry plantations (totalling some 9,000 acres) are close together," Martin says, "and the bumble bees couldn't do all the pollinating necessary because the concentration of bloom was too much for them."

The number of crop acres requiring bee pollination increased, Martin adds, and pesticides took a toll of the native bee population.

Until recently, however, it was assumed that the native bumble bee was an effective pollinator of blueberries and that honey bees were not effective because their tongues were too short to reach well into the flower.

Boost Yields

But research undertaken by the MSU Department of Entomology — in cooperation with the Blueberry Growers Association — showed that blueberry bushes caged without bees each yielded 1.5-2 pounds of berries per bush, while several other bushes, which were "flooded" with honey bees, produced yields of up to 52 pounds each.

"Prior to 1963, there had been hardly any renting of honey bees in the blueberry field," Martin says. "Now it's an agricultural practice."

How does one rent a bee?

A grower simply contacts a beekeeper, tells him how many hives are needed and when.

The keeper loads the required number of hives — usually two per acre for blueberry fields — onto a truck and delivers them, then picks them up again when the bees have done their duty.

There is no set charge, but the Michigan Beekeepers Association has recommended its members charge a minimum of \$8 per hive.

Weather Factor

Each hive is a four-sided wooden box, containing 10 frames for honey combs, Martin says. In midsummer, when the colonies are working at peak, a series of five or six "hive bodies" weighs 115-120 pounds and contains some 65,000 bees.

How long the bees work on a field depends on the weather, Martin explains.

In a cherry orchard, for instance, the bees would work three or four days if the weather is warm and the bees have what Martin terms "ideal flying conditions." If it were cold, though, Martin said it could take the bees up to a week or more to complete the pollinating process.

3-Speed Air Conditioner

Incomes Range Widely In U.S.

NEW YORK (AP) — Per capita income of Americans during 1967 ranged from \$3,865 in Connecticut to \$1,894 in Mississippi, and therein lies some of the explanation for differing views on scores of economic and social matters.

There is a danger, however, in assuming the figures are static. The Commerce Department's latest "Survey of Current Business," in which the figures are reported, makes clear that the incomes picture is becoming more uniform.

Broadly speaking, the areas with the lowest per capita income generally are advancing at the fastest rate, except in periods of swift economic acceleration. Then the advance is more similar for all regions.

The survey notes that in 1967 personal income rose a bit less than 7 per cent for the entire nation. But there was a relatively large range within that figure.

Above average gains were made in the Far West at 8 per cent, and in the Southwest, Southeast and Midwest at 7 per cent.

In New England and the Rocky Mountain states the increase was average.

But in the Great Lakes and Great Plains the gain was only 5 1/2 per cent.

These are the specific per

capita incomes by region for 1967:

New England, \$3,436; Mid-

east, \$3,534; Great Lakes,

PHILADELPHIA (AP) — The local branch of the Communications Workers of America, AFL-CIO, said Sunday there is growing, nationwide support for a drive to bolt the 400,000-member union.

Joseph Ratti, president of CWA Local 2590, said support has been "pouring in" from local leaders and unhappy rank-and-file members from all over the country, offering help in the form of work and money.

Many union members expressed displeasure last week when their bargaining team negotiated a new, three-year contract to end a nationwide CWA strike against the Bell Telephone System and Western Electric Co.

Nationally, the contract was ratified by a 5-3 margin, but it was rejected in many areas, including here and Detroit and other cities in Michigan.

Ratti said that local officers from Jacksonville, Fla., and Atlanta, Ga., were here last week to discuss the proposal to bolt the union. Others have conferred with him by mail and phone, he said.

He said bulletins are being distributed by his supporters and various locals and that eventually CWA members will be asked to sign cards indicating their desire to be represented by another union.
